Mission: Transforming Lives Through Faith and Action
April 21, 2021 - Vol 12

EASTER BASKETS

As one of the seven neighborhoods Stafford Junction serves, Olde Forge houses many families that experience financial struggles and food insecurity. Many in this community participate in Stafford Junction's programs such as Healthy Living Pays, Life Skills, Brain Builders, STEM Camp, and active adventures such as fishing, nature walks, and tennis. While many of these programs help build skills and a path to a brighter future, we also like to make sure there are fun activities for the kids. Easter was particularly important this year due to families facing isolation and tough financial times due to COVID-19.

Thumbs Up

Easter Joy

All Smiles

Thanks to your financial support and amazing volunteers, the Easter bunny made a special stop this year to ensure there were fond childhood memories for our Stafford Junction kids and their families. With help from special bunnies, 80 baskets were filled with candy, crayons, coloring books, bubbles, sidewalk chalk, putty, and toys. Thanks to another generous donation, stuffed animals were also given out to accompany the Easter treats. It is especially important for children to have a sense of normalcy during these tough times, providing an Easter basket was a great way to bring smiles and some joy for families going through tough times and brightened the day for many children.
