

Junction Spotlight

Mission: Transforming Lives Through Faith and Action
October 14, 2021 - Vol 22

SUMMER JUNCTION SUCCESS

Summer Junction, our summer camp program geared towards combating summer learning loss was a success! The program opened the first week with the Stafford County Sheriff's Office Baseball Camp. Next was Camp NorthStar which included four weeks of math, reading, arts and crafts, and physical activities. The program concluded with a week of soccer camp, where participants learned fundamental soccer skills and team play values. The children were provided with healthy, fun, and academically enriched opportunities to continue to grow and learn. They enjoyed nutritious meals and were able to have fun as well!

Volunteers Preparing Food

The Kindred Family

Great Day For All

UNEXPECTED BLESSING

As a special treat, a cookout was scheduled for the last water park day for our camp NorthStar participants. Stafford Junction staff and volunteers were shopping for supplies when Kylee Kindred approached the group. She had noticed the Stafford Junction t-shirts and asked if they were with Stafford Junction. Kylee had heard of Stafford Junction and liked the work we were doing our community. She offered to help by purchasing all the cookout supplies! The Kindred family had been in the area for just a short time and heard of us through their church. We are truly grateful for the wonderful gift that Kylee and her family gave to Stafford Junction, there were many smiles shared over good food that day. Blessings come in many ways, many thanks to the Kindred Family.
