2022 BUILDING A BETTER TOMORROW CAMPAIGN

We are quickly approaching our Building a Better Tomorrow Campaign kickoff. The annual Building a Better Tomorrow Campaign counts on the generosity and support of individuals, businesses, and area churches to fund our programs. During our campaign we will be sharing stories about how our programs positively impact a child or a family's life. These gifts help fund expenses such as meals for Brain Builders students, equipment for Healthy Living Pays, field trips, Tide Me Over Bags, and Educational Kits for families in our 7 low-income neighborhoods.

A FAMILY GIVES BACK TO THE COMMUNITY

Sitande and his family have been program participants and volunteers in Stafford Junction for many years. In 2018, he was eager to complete a project for his Eagle Scout Award. To fulfill his service project, Sitande wanted to give back to Stafford Junction. He was grateful for all the help and encouragement that his family had received through the years. Sitande took on the task of recruiting volunteers and the crew assembled donated picnic tables to be used by Summer Junction participants.

Four years later, his brother Bulonziyee was in pursuit of attaining Eagle Scout status. He chose to follow in his brother's footsteps and give back to Stafford Junction. Noticing the condition of the well-used picnic tables, he proposed replacing them for his service project as well. In October 2021, Bulonziyee along with family, friends, leaders, and Boy Scouts made 10 new picnic tables. Leading by example is a strong trait for this family as they continue to grow and give back to those in their community.
