

JUNCTION SPOTLIGHT

March 10th, 2022
Volume 26

2022 BUILDING A BETTER TOMORROW CAMPAIGN

We are quickly approaching our Building a Better Tomorrow Campaign kickoff. The annual Building a Better Tomorrow Campaign counts on the generosity and support of individuals, businesses, and area churches to fund our programs. During our campaign we will be sharing stories about how our programs positively impact a child or a family's life. These gifts help fund programs for families in our 7 low-income neighborhoods.

A STORY OF SUCCESS

Jenifer Bailon began her Stafford Junction journey as a Rocky Run Elementary student participating in Brain Builders, she received tutoring support through high school. She has great memories of taking part in other programs such as fun summer activities during Summer Junction camp. Once Jenifer graduated, she continued to be involved with Stafford Junction as a volunteer. We love to see our kids grow into amazing people that not only succeed in our programs but give back to the community and help others succeed as well.

Jenifer knows the power of learning and paying it forward. Her goal is to provide for the care and health of others as a nurse. She was awarded the Joyce and Judy Deffenbaugh Educational Scholarship for two consecutive years. Now, at 23, Jenifer is in her last semester at Germanna Community College where she anticipates a May 2022 graduation to receive her Associate of Nursing degree. In preparation to join the workforce she has been applying for nursing positions in the local area. She looks forward to gaining more experience where she will set new goals for a future full of opportunities to expand her career and give back to the community that she grew up in and loves. We look forward to seeing what she does next, congratulations Jenifer!
