

JUNCTION SPOTLIGHT

April 14th, 2022
Volume 30

2022 BUILDING A BETTER TOMORROW CAMPAIGN

Our annual Building a Better Tomorrow Campaign has begun. The campaign counts on the generosity and support of individuals, businesses, and area churches to fund our programs.

During our campaign, we will be sharing stories about how our programs positively impact a child or a family's life.

These gifts help fund programs for families in our 7 low-income neighborhoods.

HEALTHY LIVING & ENCOURAGEMENT

The Healthy Living Pays (HLP) program focuses on preventative health care, promotes healthy food choices, and provides opportunities to engage in fun physical activity. Over the past two years due to the pandemic, there have been limited options for structured activities. Greg, our Stafford Junction Field Manager has found creative ways for our participants to get active and have fun. Nature walks on the Rappahannock River Heritage Trail provide exercise, relaxation, and nature education. Trips to Pratt Park to play volleyball, football, and softball teach social and teamwork skills. With the warmer weather, we are looking forward to fishing at City Dock and Virginia Outdoor Center quarry visits to create more memories and strengthen skills.

Nicole has participated in many of our programs throughout the years, she is currently active in HLP and is also looking forward to volunteering with us this summer. Nicole has taken an interest in softball and wanted to join her High School team. Although she did not make the team this year, she is getting a lot of practice as part of our HLP program, and we have no doubt that she will make the team next year. We wish her the best of luck!
