Volume 35

2022 BUILDING A BETTER TOMORROW CAMPAIGN

Our annual Building a Better Tomorrow Campaign is almost over! This annual campaign counts on the generosity and support of individuals, businesses and area churches to fund our programs.

During our campaign, we have been sharing stories about how our programs positively impact a child or a family's life.

These gifts help fund programs for families in our 7 low-income neighborhoods.

TEAMING UP WITH STAFFORD JUNCTION

Latrayal became a Stafford Junction participant when he registered for the 2021-2022 in-person Brain Builders Program at Edward E. Drew Middle School. The 12-year-old sixth grader focused on his studies and was one of ten Stafford Junction participants who made Honor Roll in the first semester! He has an interest in cooking, so he helped prepare the food for a Stafford Junction Honor Roll reward day.

Latrayal is motivated to be part of a positive and healthy environment as his family has been living in a hotel for over a year. He is eager to participate in Healthy Living Pays youth programs by going to the YMCA gym, joining in pick-up sport games, nature walks, and volunteering to hand out Tide Me Over bags and registration forms.

Latrayal is now acquiring financial skills by earning pay as he learns how to use equipment to maintain the grounds at Stafford Junction. His latest extra-curricular focus is to be a part of a school sports team by setting goals to lose weight and strengthen his physical skills.

We look forward to seeing Latrayal make the school football team next school year!
